Central Labor Council

San Mateo is blessed with an amazing quality of life and sense of community. But we must be vigilant to keep it that way.

My priorities for San Mateo are 911, police & fire services, after school programs and educational excellence, fixing potholes and aging infrastructure, and protecting our neighborhoods and community character.

I have always been committed to public service and moving San Mateo forward. I am ready and excited about the opportunity to be on the San Mateo City Council. ~ Diane Papan
